BETWEEN THE LINES VOL. 4

BETWEEN THE LINES: A COLORING BOOK OF DRAWINGS BY CONTEMPORARY ARTISTS

Fifty-three contemporary artists worked with RxArt to create images created exclusively for distribution by RxArt. The RxArt Coloring Book is a softcover volume with 112 black and white pages designed for coloring. The cover depicts Ai Weiwei's colorful sunflower seeds from his Unilever Series, as well as a page of Weiwei's work transformed into adhesive stickers. The fourth edition of The RxArt Coloring Book was generously designed by Matt Murphy Design and underwritten by Warby Parker. Warby Parker has contributed to the book with a page of die-cut pop-out masks, featuring paper-toy glasses.

"This coloring book truly exemplifies our mission. A hospital visit is often a frightening experience for a child, and this book is intended to take their minds elsewhere, easing anxiety. It is intended to amuse, engage and spark imaginations, enhancing the healing process. It's also a great book for the collector!", says RxArt President, Diane Brown.

The RxArt Coloring Book will be placed in hospitals including Kings County Hospital, St. Luke's Roosevelt, Metropolitan Hospital, St. Mary's Children's Hospital and Mount Sinai Hospital, all in New York City; Advocate Hope in Oaklawn, IL; among others across the United States.
